Despite a difficult year in being able to effect the changes I wanted I remain committed to delivering the following

1. Outsourcing of the accounting function
2. Implementation of the Financial and Accounting Procedures Manual which has been drafted and awaiting final approval. I am more than happy to share the draft with any member.
3. Production of a detailed 5 year plan (Cash Flow, Profit and Loss Account and Balance Sheet), which will be made available to the members.
4. In the above show plans to utilise the current cash surplus
