

Tennis Member - Candidate Statement

by

Paul Nigel Davey

Hi folks, I started playing tennis 9 years ago with my father's racquet, although he died 19 years ago, the racquet was fine, but my tennis was awful. I decided to join Highgate Tennis and Cricket Club; however, I soon became aware that Coolhurst was the place to be and moved across.

I am possibly the most regular attendee of the weekend and mid-week club periods and can often be seen having a drink afterwards on the lovely patio area outside. I enjoyed playing in the club periods and socialising with the members afterwards so much I inevitably ended up organising or organising the organisers of the club period!!

I have become familiar with the way the club operates the court systems, the bar, the club house including the television set.

As I am extremely accessible, and I believe approachable I feel I am a worthy candidate for the position of Tennis Member in the up-and-coming elections. I do like to listen to the views/ grievances of the members and am willing to put forward solutions to those that will listen.

What qualifications and skills do you possess I hear you ask? In my career as a Civil Engineer I have managed contracts with hundreds of employees and as a Consultant I have managed contracts valued at hundreds of millions of pounds, as you can imagine the logistics albeit of an engineering, financial or personnel nature were many and I am still employed today so I must have got something right.

If you recognise the face and think I am your man please make the effort to vote for me as I am a willing work horse.

Cheers
